PROFESSIONAL SUMMARY

Business-oriented B.Tech CSE fresher (VIT Bhopal, CGPA: 8.70) seeking a role in Product Management, Business Analysis, or Consulting. Strong technical literacy in software development lifecycles, data structures, and system design enables fast, effective collaboration with engineering teams – without needing to write production code. Proven track record of stakeholder management, requirement gathering, and data-driven decision-making, demonstrated through leading a national-ranked hackathon team, running a 500+ contributor community, and shipping a live product to 400+ users. Comfortable with SQL, Excel, and analytics tools to translate data into actionable business recommendations.

CORE COMPETENCIES

- **Product & Business:** Requirement Gathering, PRD Writing, Market & Competitor Research, User Research, Roadmap Planning, Gap Analysis, Business Reporting, Product Management
- **Data & Analytics:** SQL, MS Excel, Power BI, Google Analytics, Data-Driven Decision Making
- **Tools:** Notion, Figma, MS PowerPoint, Google Workspace
- **Methodologies:** Agile/Scrum, SDLC, Structured Problem Solving, A/B Testing Concepts
- **Soft Skills:** Stakeholder Management, Cross-Functional Collaboration, Client/Team Communication, Mentoring

EXPERIENCE

Project Admin & Community Coordinator – GirlScript Summer of Code (GSSOC)

May 2024 – Aug 2024 | Remote

- Coordinated contribution workflows and quality standards across 5+ community-driven projects; ranked #64 out of 1000+ contributors (top 7%) for delivery and review quality.
- Mentored and onboarded 100+ contributors through structured feedback and process documentation, improving submission quality and reducing review turnaround time.

Tech Team Lead – Blockchain Club, VIT Bhopal

Oct 2024 – Present | Bhopal, MP

- Led a 10-member cross-functional team through sprint planning, task delegation, and stakeholder reporting; delivered 3 projects on schedule.
- Redesigned the team's delivery workflow, cutting manual coordination effort and turnaround time by 40% through process standardization.

KEY PROJECTS

1. Vasudha – National Platform for AMU & MRL Monitoring (SIH '25 Runner-Up) | Product & Stakeholder Management

- Led requirement gathering and solution design across 6 stakeholder groups for a national-level government platform, securing Smart India Hackathon 2025 Runner-Up among 1200+ teams.
- Conducted domain research on drug traceability and regulatory workflows to define product requirements, translating a complex compliance problem into a usable stakeholder-facing solution.

2. Smart Traffic Flow Research (Published Patent) | Data Analysis & Applied Research

- Led a research project analyzing real-world traffic data, achieving 92%+ detection accuracy and improving lane-clearance prediction by 30% over baseline methods.
- Presented findings via a dashboard for real-time monitoring and decision-making; secured a Published Patent from the Indian Patent Office for the underlying system design.

3. GitHub Readme Tech – SaaS Product | Product Ownership & Growth

- Identified a gap in developer workflows and independently owned a product from concept to launch, growing it to 400+ active users through iterative improvements based on user feedback.
- Defined the feature roadmap and prioritized enhancements based on usage patterns, improving user task-completion time and product adoption.

CERTIFICATIONS

AWS Certified Cloud Practitioner | AWS

May 2026

Oracle Cloud Infrastructure 2025 Data Science Professional | Oracle

Sep 2025

Ethnus MERN Fullstack | Ethnus

Jul 2025

Azure Data Fundamentals (DP-900) | Microsoft

Jun 2025

EDUCATION

B.Tech in Computer Science – VIT Bhopal University

CGPA: 8.70 / 10.00 | Aug 2023 – Present

Class XII – Christu Jyoti Convent School (CBSE), Ujjain

82.4% | May 2023

Class X – Christu Jyoti Convent School (CBSE), Ujjain

85.8% | Apr 2021

LEADERSHIP & EXTRACURRICULAR

- Project Admin, GirlScript Summer of Code 2026 – Managing a community of 500+ contributors; ranked top project admin for contribution and review quality.
- Tech Team Lead, Blockchain Club, VIT Bhopal – Leading a 10-member team through planning, mentoring, and delivery.

ACHIEVEMENTS

- Smart India Hackathon 2025 National Runner-Up – led stakeholder-facing product delivery for a Government Ministry, competing against 1000+ teams nationwide.
- Secured a Published Patent (Indian Patent Office) for an AI-driven traffic management system, reflecting structured, research-led problem-solving.
- Grew a self-built SaaS product to 400+ active users, demonstrating product ownership and user-centric iteration.
